EDUCATION

Bachelor of Engineering –
Electronics and Communication
Engineering

Prince Shri Venkateshwara
Padmavathy Engineering College
CGPA: 7.6 (Current)

Higher Secondary Education (12th
Grade)

Percentage: 75%

TECHNICAL SKILLS

Programming & Development

- Python Programming
- C / C++ Programming
- Frontend Development using HTML, CSS, JavaScript
- Basic Database Concepts
- Problem Solving & Debugging
- Basic Application Development

Embedded & IoT

- Arduino & ESP8266 Programming
- Sensor and Actuator Interfacing
- Embedded C Programming
- OLED Display Integration
- IoT-based Monitoring Systems
- Wireless Communication Basics

Tools & Technologies

- VS Code
- Arduino IDE
- Git & GitHub (Basic)

PROFILE

Dedicated Electronics and Communication Engineering student with strong interest in software development, embedded systems, and IoT technologies. Skilled in Python, C, C++, HTML, and CSS with hands-on experience in developing real-time monitoring and automation projects using Arduino, ESP8266, sensors, and OLED displays. Developed innovative projects in healthcare, agriculture, and renewable energy, including patented work and award-winning presentations. Strong problem-solving and analytical skills with the ability to adapt to new technologies.

ACADEMIC PROJECTS

IV Drip Monitoring System (LEAP)

Developed a real-time IV fluid monitoring system using sensors and an OLED display to track levels and alert staff, improving patient safety.

Desalination of Sea Water using Renewable Energy (IAP)

Developed a renewable energy-based desalination system to convert seawater into usable water for fishermen at sea.

Patent Published (20 Dec 2024)

Application No: 202441098637 A

AgriBot – Agricultural Robot (MIRACLE)

Built a prototype agricultural robot for automated irrigation and field monitoring to improve farming efficiency.

INTERNSHIPS

BSNL – 15 days internship on telecommunication systems and network operations

E-Prado – 30 days internship on robotics, microcontrollers, electronics and embedded systems

ACHIEVEMENTS

- **School Pupil Leader** (12th Grade)
- **President** – ELECTROBOT Club
- **Vice President** – ECO Club
- **Winner** – LEAP Open House Project Presentation
- Selected for **Smart India Hackathon** (Internal College Round)

CERTIFICATIONS & WORKSHOPS

- Ethical Hacking Workshop – Indian Institute of Technology Kanpur Techkriti'25
- Reverse Engineering Workshop
- LEAP Technical Workshop
